Board Chair Report

Greetings fellow members!

Well, this has been an exciting year of change and growth! In the past year the Government of Nunavut (GN) reassigned the destination marketing organization (DMO) function to a new entity within the Economic Development and Transportation (EDT) department called Destination Nunavut. This new entity has been tasked with promotion our amazing territory to the world while Nunavut Tourism focuses on our role as a membership association.

With a new, clear direction, Nunavut Tourism has spent the past year focusing on you, the members, by surveying what members need from our organization to help support and promote you in every way that we can. We have dedicated countless hours researching similar membership-based organizations to help enhance our membership structure, benefits, and identifying new and measurable ways of advocating to outside organizations and governments on behalf of our membership.

Nunavut Tourism's Board of Directors has also reviewed the current board structure as well as operational requirements such as employee roles and responsibilities in a continued effort to streamline what we do and how we, as an organization, contribute to the tourism industry in Nunavut.

Our funding partners allow us to continue this important work. Their continued generous support and confidence has allowed Nunavut Tourism to build on the recent changes and maximize our contribution to the industry. We have many organizations to thank including our core funding agencies, EDT and the Canadian Northern Economic Development Agency (CanNor). We also recognize the amazing support and contributions we have received from the Department of Environment, Fisheries and Sealing Division, the Department of Culture, Kakivak Association and the three regional Inuit Associations. Of course we cannot forget the support we have received from our own members who have helped host familiarization (FAM) tours throughout the territory. Thank you to all of our funding partners!

Nunavut Tourism's success would not be possible without the continued leadership skills of our exceptional volunteer Board. We rely on the dedication and commitment of these Board Members to provide their expert advice and guidance to ensure our strategies, vision, mission and benefits

are aligned with the needs of our diverse membership. 2017 has been a transitional year for Nunavut Tourism and the workload and time demands have been much higher than in previous years. I am pleased to say that the Board has risen to the challenges that they were faced with and have worked extremely hard to ensure the continued success of our organization. The passion that every Board Member has shown to ensure that Nunavut Tourism continues to evolve with changing conditions and remain the cornerstone of the industry is remarkable.

Along with the Board of Directors, Nunavut Tourism's long-serving staff has been, as they always have, exceptional. Kevin Kelly, our Chief Executive Officer has led the staff through a period of transition and uncertainty. Every single one of the staff members have received new directives and have embraced change with positivity and professionalism. They are, without a doubt, the glue that holds all of us together and help to make the ideas we, as members and as a Board, a reality. We thank them all immensely.

As a reflection of the successful year we have had, we have seen the membership grow. Not only in number, but for the first time in our history we have more Inuit-owned and operated tourism businesses than ever before. At 57 Inuit members strong, our membership can be proud to be a part of an organization that promotes Inuit operators to the entire world. All of our members are a part of a unique industry that has a positive effect on our communities' financial and social economics.

It has been my pleasure and privilege to be the Chair of Nunavut Tourism and it has been quite the year witnessing such change, growth and collaboration amongst all of the stakeholders. I am proud to call Nunavut home and be a part of this amazing organization.

Nicole Rebeck
Board Chair,
Nunavut Tourism

CEO Report

Hello members,

Thank you for your continued support of the tourism industry in Nunavut. Without your support, through membership, we would not be able to represent the entire industry the way we do.

Nunavut Tourism had a busy, productive year. As an organization we have made massive leaps forward on many different fronts. Nunavut Tourism was the lead in the development of the new territorial tourism brand aimed at “branding” the territory. Destination Nunavut, Nunavut’s newest partner in the tourism industry, is busy promoting Nunavut to the entire world building on a foundation laid by Nunavut Tourism. With Destination Nunavut now serving as our territory’s destination marketing organization (DMO) and Nunavut Tourism as the membership-based industry association, our members can rely on Nunavut Tourism to provide the best service, benefits, workshops and voice for all of our members.

Nunavut Tourism relies on funding from outside agencies to perform our work which includes member promotion through online, print and media advertising, familiarization trips, attending trade shows with members all

over the country and literature distribution. With the generous support of the Government of Nunavut, Economic Development and Transportation, and the Canadian Northern Economic Development Agency, Nunavut Tourism is able to ensure our members are well-represented, their opinions heard, and their businesses continue to grow.

Every year I take pause and reflect on all of the accomplishments of our members throughout the year and every year the list grows. As the organization evolves one thing stays the same, and that is the innovative spirit of our operators. All throughout the territory people are developing the industry, in every hamlet, with the most unique and exciting products in the world. What most would view as obstacles not easily overcome our membership views as untapped opportunity; we find ways to display our history, culture and spirit to the lucky tourists who get to visit our backyard in ways these tourists have never seen and will never see anywhere else.

Thanks again,

A handwritten signature in black ink, appearing to read 'Kevin Kelly', with a long, sweeping horizontal line extending to the right.

CEO,
Nunavut Tourism

Mandate

Nunavut Tourism's principal mandate is to build and serve its membership, provide workshops, increase benefits and advocate on behalf of members. Additionally, Nunavut Tourism has a strategic framework in place to increase industry standards in the areas of training and product development in collaboration with the Government of Nunavut.

Vision

Supporting our membership by developing and promoting excellence within the tourism trade and advocating on their behalf.

Mission

Nunavut Tourism is a not-for-profit membership association that encourages tourism development by providing specialized knowledge and expertise in four key areas:

Member Marketing, Research and Communication, Market Readiness and Advocacy

Nunavut Tourism seeks partnerships with governments, Inuit Associations, communities and tourism operators to promote tourism opportunities that encourages sustainable economic growth, cultural preservation and social benefits to Nunavummiut.

Marketing & Communications

Introduction

In the 2016/2017 fiscal year Nunavut Tourism successfully applied to the Canadian Northern Economic Development Agency (CanNor) for a two year funding application totaling \$735,000. Nunavut Tourism's marketing activities with exception to the Far and Wide campaign were funded largely by CanNor. Additional funding comes from the Government of Nunavut - Economic Development and Transportation (EDT). We also worked closely with Destination Canada, our national marketing organization to access additional funding streams and align, where possible with their visions and plans. Additionally, Nunavut Tourism applied and received funding from the Government of Nunavut - Department of Environment Fisheries and Sealing to assist in marketing our recreational sport fishing members. Our marketing activities would not be possible without the support of our funding agencies and partners.

The past year has been a year of significant change and transition as Nunavut Tourism saw the function of destination marketing organization and the task of marketing Nunavut to the world transferred to Destination Nunavut, a new entity within the Department of Economic Development and Transportation, Government of Nunavut. The transition has been long and filled with challenges as the Destination Nunavut works to build their capacity and transfer files. However both Nunavut Tourism and Destination Nunavut remain positive and continue to keep open lines of communication as the relocation and division of responsibilities progresses.

The relocation of the DMO function to Destination Nunavut has been a positive shift for Nunavut Tourism as we were able to focus more on what truly matters; our members. Marketing activities shifted and continue to shift from marketing Nunavut as a territory and creating awareness for the territory to directly marketing our members and their products and experiences to consumers, trade and media. Although it is sometimes difficult to market one without the other we are working hard to find new and innovative ways to place the focus directly on our members experiences such as; snowmobile and dogsled excursions/ expeditions filled with authentic Inuit culture, arctic cruise expeditions, arctic wilderness lodges at the edge of civilization and so many more.

Nunavut Tourism's key markets remain the same with our primary markets being Canada and the United States, while secondary markets are the United Kingdom, German-speaking Europe (Germany, Switzerland and Austria), and France with emerging markets of Australia and China. We continue to focus our marketing efforts towards well-educated, affluent couples aged 50 plus while keeping a watchful eye on high income earning, well-educated, adventurous millennials. Member marketing activities were centered on public and media relations, cooperative member marketing programs, member advertising, social media, travel trade, attendance at media/trade/consumer shows, and market research.

Through collaboration and partnerships with the private sector, governments and other stakeholders, Nunavut Tourism is also able to participate in bigger projects which further expose Nunavut Tourism members to the wealth of tourism opportunities and encourage tourism as a means of sustainable economic growth, cultural preservation and social benefits for the people of Nunavut.

Far & Wide: Destination Canada's Millennial Travel Program

Nunavut Tourism collaborated with Destination Canada, Bell Media and 18 industry partners to build a massive bilingual content campaign that ran over 420 consecutive days. The campaign was designed to reach 4.4 million Canadian millennials, change their perceptions and inspired a 5% lift in travel

2017 marks Canada's 150th anniversary of Confederation. This important milestone is seen as an opportunity to influence the perception of Canada among millennials. The vision was to inspire millennial travellers, aged 18 - 34, to explore Canada and stimulate demand for Canada's visitor economy. In doing so, Canada's tourism industry would fulfill its mission to grow tourism revenue and drive consumer spending for the Canadian economy.

The objectives of the Millennial Travel Program were to: refresh perceptions of Canada and why Canada is cool; to build awareness of what Canada has to offer millennial travelers by delivering an authentic message; and to deliver on product and price, by strengthening Canada's youth product offerings and providing a mechanism that allows significant time sensitive travel discounts.

The integrated consumer marketing campaign began in April 2016 with the launch of the Far and Wide (English) and Infiniment Canada (French) websites and continued with fresh content until Canada 150th birthday in July 2017.

Nunavut's content included a video episode featuring The Expeditioners (Roberto and Bella), a husband & wife duo of adventure photographers who travel the world and share their experiences to over 800,000 followers per week (<http://theexpeditioners.com>). The original itinerary was greatly affected by weather; however the production crew was able to spend a full week in Iqaluit with one full day in Pangnirtung. Participation in the following experiences was achieved:

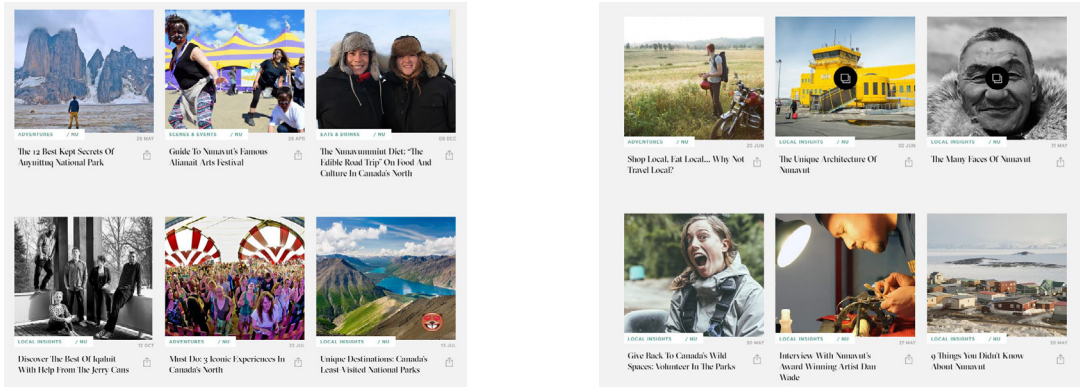

- Cultural meet and greet with Jack Anawak, owner of Beaches Bed & Breakfast. Experience included taste testing char and tuktu.
- Drum Dancing and Throat singing with Arctic Kingdom in Sylvia Grinnell Territorial Park
- Hiking and exploring Sylvia Grinnell Territorial Park
- Dining experience with Big Racks BBQ
- Scenic air charter to Pangnirtung (via Keewatin Air Charters)
- Angmarlik Visitors Center interpretive tour and Inuktitut lesson
- Parks Canada visitor centre tour and orientation
- Snowmobile and qamitik adventure to the Arctic Circle in Auyuittuq National Park with Alivaktuk Outfitting and Parks Canada.
- Dogsledding expedition with Inukpak Outfitting
- Country food themed dinner

The full episode and other information about Nunavut can be viewed at:

With the assistance of Destination Canada as well as other partners, Nunavut Tourism worked with twelve members and several Nunavut-based business to produce 22 content pieces consisting of photo essays, articles, social posts, vignettes and more. Three multi-day “get inspired” itineraries featuring members in Cambridge Bay, Iqaluit and Pangnirtung were created by Nunavut Tourism to inspire millennial travelers to explore Nunavut; additionally 10 members provided a “sweet deal” to be marketed to millennial travelers. Spin off content consisting of a 3 page photo-centric article called “the power of memories” was also generated for the Above and Beyond magazine by the Expeditioners at minimal cost to Nunavut Tourism.

Smart Display

Smart Display is an intelligent marketing campaign that places your ad in the right place at the right time. It identifies who is visiting your website, researching your company online, reading articles about what your organization does and also what your competitors are doing. Smart Display uses 17 ad exchange networks, with their network covering 60% of the internet; this includes but is not limited to websites such as Google, Facebook, Microsoft, YouTube, news sites, weather sites and popular blogs. The targeted geographic area was North America, Germany and Great Britain. 500,000 impressions were spread evenly and delivered over the two month time period; tactics included: site retargeting, keyword retargeting, URL/competitor conquering, and geo-fencing. Eight digital ads were created in various sizes under the following categories: arctic cruise; arts and culture; fishing; floe edge experience; outdoor adventure (dogsledding, boating, snowmobiling, ski touring, hiking, etc.); and wildlife viewing.

Examples of Ads:

Toronto Pearson International Airport Member Experience Marketing Campaign

Toronto Pearson Airport is Canada's largest airport and the second busiest for international passengers in North America; servicing 41 million passengers in 2015. The average amount of time spent at Pearson is two hours and ten minutes, with the busiest months being March and December. Two 6'x8' advertising columns were located in terminal one, inside the departures corridor of the international jetty for four weeks during this time period. AeroTV programming is on a 60 minute loop, with five advertising segments and 18 minutes of advertising per hour in rotation with content, resulting in a 30 second exposure to a captive, targeted audience five times every 60 minutes. One 30 second video promoting Nunavut Tourism member experiences displayed on a network of 102 flat screen TV's, with audio, as part of the AeroTV Network in the terminal and included all domestic, US and international gates.

Nunavut Tourism Website Advertising Program

Nunavut Tourism invites members to advertise on our website for minimal fees based on the annual membership fees. Ads ran in three-month cycles beginning December 1st, March 1st, June 1st and September 1st of 2016-17. There are three spaces for ads; one banner ad and two side-bar ads, which appear in the same locations on almost every page of the site. When a user clicks on an ad, they are taken to the member's website, which opens in a new tab.

If the member does not have a website, the user is taken to that member's listing within the nunavuttourism.com website. If requested Nunavut Tourism will work with members to create an ad or refresh an old ad at no additional cost.

Discover Your Nunavut Campaign

The Discover Your Nunavut Campaign is designed to encourage Nunavummiut, and the different types of traveler we have to Nunavut, such as those who are visiting friends and relatives and business travelers to experience the tourism products our members offer.

It consisted of four 16"x20" posters and four brochures (8"x6" 6 to 8 pages). Iqaluit, Qikitani (excluding Iqaluit), Kitikmeot, and Kivalliq Regions. The posters list Nunavut Tourism members operating out of the region or city.

Listing includes name and contact information as well as icons indicating what products and services that particular member offers.

Media & Trade Familiarization Trips

Media familiarization (FAM) tours and trade familiarization (FAM) are an essential means of generating exposure for Nunavut Tourism members. They are particularly valuable because editorial coverage is typically considered to carry more credibility with readers than paid advertising, and is also much more cost-effective to obtain. Measurement for media is based on equivalent advertising values, which usually far exceed the cost of the FAM trip, resulting in a very good return on investment. Nunavut Tourism supports a variety of FAM trips every year as an integral part of our marketing mix, and we would not be able to fund as many trips as we do without the continued support and participation of our members and airline partners.

Nunavut Tourism regularly receives an abundance of inquiries from media requesting support for FAM trips. These requests are evaluated on a case by case basis according to the following key criteria:

- Proponents must have a commitment for broadcast or publication prior to visiting Nunavut in order to be considered.
- Proposed itineraries must include at least one Nunavut Tourism member operator. Projects involving only wilderness areas with no direct connection to a Nunavut Tourism member are screened out.
- The intended media outlet and audience for the media coverage must align with Nunavut's tourist demographic.

The following FAM trips were supported in 2016-17:

Ski adventure with www.bearwitness.ca

Nunavut Tourism provided support to an international team of explorers, circumnavigating Bylot Island, by ski. Marking and celebrating Canada's 150th Birthday, this ambitious journey was a world first. The expedition represented the largest island in the world ever to be circumnavigated on skis. This ambitious 500 km journey took close to a month to complete. The expedition included travelling through the eastern entrance of the fabled and historic Northwest Passage. The entire Bear Witness Arctic Expedition took place within the boundaries of the proposed Lancaster Sound National Marine Conservation Area. Lancaster Sound is an incredibly rich Arctic ecosystem; polar bears, narwhals, bowheads, belugas, several species of seals, walrus and hundreds of thousands of sea birds call it home. At this time, the area remains unprotected.

NorthWinds and Outside Magazine

Eva Holland, freelancer for Outside Magazine participated in Northwinds Extreme Polar Training near Iqaluit at the end of March in a joint media fam with Outside, Northwinds Arctic Adventures and Nunavut Tourism. Outside is owned by Santa Fe, New Mexico.-based Mariah Media, which is the largest and best known outdoor adventure publication in the US.

Michelle Valberg Cambridge Bay photo and Video acquisition

Nunavut Tourism worked in partnership with First Air, Green Row Executive Suites and the Cambridge Bay HTO/Canada North Outfitting to support Michelle Valberg and Neil Osborne, who are both resident Canadian Geographic photographers on a winter wildlife/landscape/cultural photo/video expedition. Blog posts were generated on Nikon and Canadian Geographic, in addition to an Instagram takeover of the Nunavut Tourism account by Michelle Valberg.

Nunavut Tourism will receive a selection of high quality imagery including 360 degree video.

Into the Arctic Exhibition Tour with Cory Trepanier

Nunavut Tourism lent support to Cory Trepanier's Into the Arctic Exhibition Tour over a two year time period. The exhibition displayed at the Embassy of Canada in Washington, D.C. and will visit multiple museums throughout the USA including Kansas, Arizona, Michigan, Texas, Wisconsin, and Montana. Nunavut's key markets and the exhibition's audience are very well aligned demographically. A ten second promotional pre-roll banner made in collaboration with Nunavut Tourism will play before INTO THE ARCTIC films within the exhibition and possible screenings held in conjunction with the exhibition. The pre-roll will also be displayed on the tour website and used for online social media marketing. Nunavut Tourism will receive recognition through logo placement and on line, we are also entitled to brochure and promotional material placement at each of the venues that the exhibition visits.

One 50 Canada Society and Black Feather's Floe Edge Ski and Sea Kayak Basecamp and One Ocean Expedition Cruise

Nunavut Tourism provided support for Martin Gregus, President and Co-Founder of the One 50 Canada Society to take part in Black Feather's Floe Edge Ski and Sea Kayak Basecamp in addition to an expedition cruise with One Ocean. Thank you Canada is a unique, interactive multimedia celebration of the 150th anniversary of Canadian Confederation in 2017. In this project they will travel across the country to capture and create a visual story about contemporary Canada, its nature, its people, and its life. The final product of Thank you Canada will be a bound 600 page extra-large coffee table book; a

major interactive photography, multimedia and artifact exhibition traveling through Canada's cities in 2017, and the international release of a feature length documentary film - The Thank you Canada Story. Nunavut is well represented on the website and three short films have been produced: the great melt, the great migration, the great quest. Nunavut Tourism received a fantastic collection of images and multimedia materials from this will be provided to Nunavut Tourism.

Akshayuk Pass Bikepacking Traverse and Bike Magazine

Kari Medig, Alex Frankel and Carl Moriarty completed a bike-packing expedition April 17-28, 2016 of the 97 km Akshayuk Pass trail in Auyuittuq National Park. The corridor from North Pangnirtung Fjord to Pangnirtung Fjord had recently been approved by Parks Canada for winter cycling. Recent advances in bicycle technology have created 'fat bikes' that are designed using much larger tire diameter than normal. The rising popularity of 'bike-packing' (using a mountain bike to do multiday off-road trips) in combination with fat bikes has made multi-day winter trips on snow and ice like this one in Auyuittuq possible. The expedition produced a cover story and large amounts of social content including a short film that was featured in Bike's premier bicycling magazine, on their social channels and website. With a total readership of nearly 212,000, the region was showcased to a large audience of mountain bikers who love to travel and discover new places by bike. Nunavut Tourism will have access to imagery from this trip once all publishing opportunities have been exhausted.

Tree River Plummer's Lodges and Gray's Sporting Journal

Tree River, Plummer's Lodges in partnership with Nunavut Tourism provided Gray's Sporting Journal with a grand prize of a seven night trip to Plummer's Tree River Outpost Lodge. The partnership produced significant advertising discounts, at minimum ten magazine ads in Gray's Sporting Journal, American Angler and Fly Tye; in addition to Facebook and Twitter promotion and website advertising on the publications websites.

Natural Travel Collection with Arctic Kingdom Narwhal and Polar Bear Safari

Chris Breen Founder and managing partner of Natural Travel Collection participated in a trade familiarization tour with Arctic Kingdom's Narwhal and Polar Bear Safari, near Pond Inlet June 9 to 16, 2016. The Natural Travel Collection is a privately owned, award winning travel company consisting of four specialist travel brands – Wildlife Worldwide, Dive Worldwide, The Travelling Naturalist and One World Adventures. Each has a strong focus on conservation and responsible tourism. The FAM resulted in the Natural Travel Collection is carrying more Nunavut products including Arctic Kingdom's Narwhal and Polar Bear safari. The Natural Travel Collection completed 12 client presentations to approximately 400 people in a nine month span, in addition to a blog post on Wildlife Worldwide - blog post.

Kasba Lake Lodge and the New Fly Fisher TV Show

Nunavut Tourism worked in partnership with the Department of Environment, Government of Nunavut and Kasba Lake Lodge to host the New Fly Fisher TV Show at Kasba Lake Lodge. Between TV Broadcasters (such as PBS, WFN, etc.) the two 30 minute episodes will be repeated an estimated 400 times in the USA and Canada during a three year window. In addition, the full episode has gone to the New Fly Fisher's YouTube Channel for broadcast online after initial airing on PBS. A special section has been created on their website for Nunavut and includes links to the fishing section of nunavuttourism.com, Kasba Lake lodge and the YouTube video. A feature article is being produced about the lodge and fishing in Nunavut for publication this winter- this will include links to the fishing section of nunavuttourism.com. Nunavut Tourism has also received photography and stock footage, including 4k drone shots from this production for future use in promoting fishing in Nunavut.

Edehon Caribou Camp featured on Canada in the Rough TV Show

Nunavut Tourism worked in partnership with The Lodge at Little Duck, who represents Henik Lake Adventures on a six day fully-guided caribou hunt at Edehon Caribou Camp located near Arviat; August 29 - September 4, 2016; with the Canada in the Rough TV Show. There was one 30 minute episode created from this hunt called the "Giant Nunavut Caribou". The episode will air over 60 times in North America and over 80 times in Canada on the Sportsman Channel, Wild TV, OLN, TVA Sports, CHAT, and CKPG. Henik Lake adventures will be featured in Canada in the Rough's hunting directory, on their website and on their social channels. Canada in the Rough estimates over one million people will be exposed to the show. Nunavut Tourism is also entitled to a selection of imagery from the hunt.

International Aboriginal Tourism Conference

The International Aboriginal Tourism Conference, brings tourism operators together from across Canada and around the world to share best practices and networking opportunities.

The conference agenda included a variety of high-profile speakers and a wealth of sessions covering (but not limited to) the following topics:

- Aboriginal best practices
- Regional tourism
- The role of industry associations
- Indigenous tourism around the world
- Tourism readiness
- The power of technology to promote tourism
- Building capacity
- Building effective partnerships
- Community-Driven-Tourism
- Attracting international visitors
- The effects of Aboriginal Tourism on the economy?
- Destination Canada programs
- Signature experiences
- Major project planning
- Arts & culture
- ... and much more

This conference was an excellent opportunity to gain a better understanding of Aboriginal tourism throughout Canada and around the world. In addition to the wealth of knowledge gained through the sessions and workshops, it was also an excellent networking event where many new contacts and potential partnerships were made.

The Aboriginal context of this conference made it exceptionally valuable to our staff and members as it addressed issues, challenges and best practices that are specific to Aboriginal tourism, many of which were relevant to Nunavut.

Rendez-Vous Canada

Rendez-Vous Canada (RVC) is the premier event for DMO's and tourism operators to showcase to the world what products and services Nunavut has to offer.

Over the course of the event, Kevin Kelly and Donna Parry met with over 100 tourism professionals from around the world interested in opportunities in Nunavut. It was discovered that 13 operators were already carrying Nunavut-based product and over 20 other were highly rated for their interest in carrying product and bringing business to the territory.

Federal and provincial/territorial marketing meetings also took place and were hosted by Destination Canada. These were designed to discuss current and future marketing initiatives by each province and territory as well as share information on national marketing partnerships and programs.

Some Nunavut Tourism members were also present at RVC. They are as follows:

- Arctic Watch/Arctic Haven
- Adventure Canada
- Quark Expeditions
- Arctic Kingdom
- One Ocean Expeditions
- The Great Canadian Travel Company
- Inukpak Outfitting
- Arctic Bay Adventures

Kivalliq Region Lodge Inspection Tour

Nunavut Tourism participated in the Kivalliq Lodge inspection tour with The Department of Economic Development & Transportation. The tour included Kazan Heritage River, Arctic Haven - Ennedai Lake, Tukto Lodge, Kasba Outpost, Henik Lake, and Edehon Lake.

Tourism Industry Association of Canada (TIAC) Tourism Congress

It was held in Gatineau, Quebec from November 29-30. It included training sessions for attendees as well as various panels. They included panels on Destination Marketing, Investing in Tourism, Sustainable Tourism, and Connecting with America.

Nunavut Tourism member Matthew Swan of Adventure Canada was inducted into the Canadian Tourism Hall of Fame at the event for his efforts in building tourism in the Canadian Arctic over the last 30 years.

Social Media and Website

Facebook

Nunavut Tourism’s Facebook page allows us to share Nunavut specific content as well as promote member content. Members can share their content with Nunavut Tourism staff or tag Nunavut Tourism.

With over 11,300 followers worldwide we can reach out and promote the tourism industry in Nunavut in a cost effective way.

Twitter

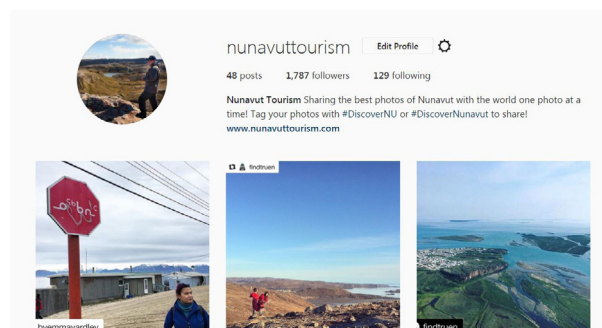

Nunavut Tourism uses Twitter to re-tweet tourism related Nunavut content that travellers may find interesting.

Members can tag @NunavutTourism or #DiscoverNU in their posts so we can share that content as well. We currently have over 3200 followers on Twitter.

Instagram

With Instagram we are using it as a re-gram account. What that means is we are sharing photography from visitors and Nunavummiut alike. By tagging @NunavutTourism or by using hashtags like #DiscoverNU we are able to share your content with the rest of the world and display Nunavut on a larger stage.

www.NunavutTourism.com

This year we had more visitors to the Nunavut Tourism website thanks to programs like the Millennial Marketing Campaign. Currently, our website's technology is quickly becoming outdated and a plan is in place to create and launch an entirely new, fresh website with a new look and new branding to better serve our members. Look for our new website in 2018.

Google Ad Words

Using keywords on Google to display Nunavut Tourism ads for when users initiate searches which include the keywords. AdWords is a cost effective way of marketing using Google, we only pay when our ad is clicked on and we set the budget. It allows you to target specific words, markets, regions, etc. It brings people who are already searching for Nunavut keywords to our ads and hopefully our website.

Affinity Co-operative Marketing Engagement

Tailored marketing strategy, campaign brief and implementation plan for Nunavut Tourism's proposed co-operative US Affinity/University Alumni Group engagement. This plan creates a strategic frame work with a specific set of goals and measurable that is to be accomplished in a set amount of time. This document will guide and structure NT member marketing efforts in a direct and tactical approach that can easily be augmented to include additional partners where appropriate.

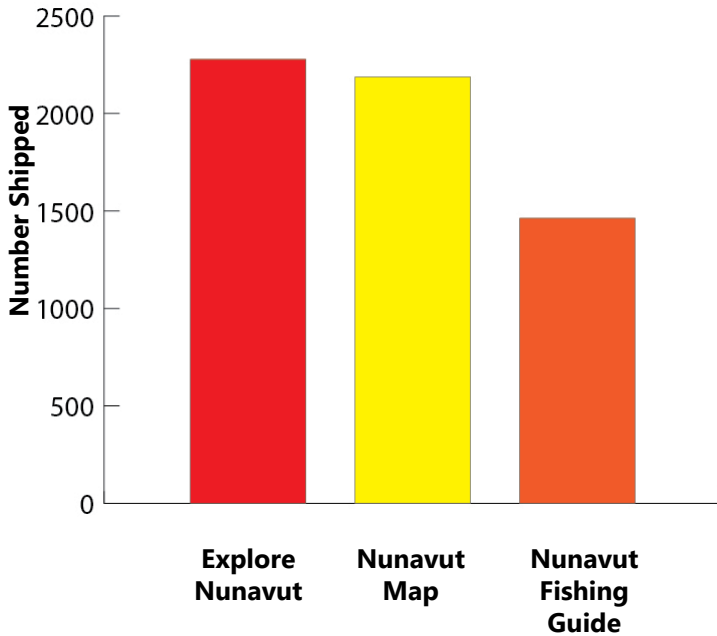

Reproduction of the Nunavut Hunting Guide

2500 printed Nunavut hunting guides featuring a listing of Nunavut Tourism hunting members by region, in addition to general information about the animals, geography, and regulations. The hunting guides will be distributed at the three regional visitor centres, through the "order guides" section on Nunavut Tourism's website, and trade and industry shows attended by Nunavut Tourism. Hunting is a niche market and many Nunavut Tourism members offer various types of hunts, it is important to have a marketing vehicle for these smaller members who have little to no promotion such as websites, social pages, etc.

Fulfillment

Nunavut Tourism has a number of publications that can be downloaded or ordered from our website or by telephone or email request. These include the popular Explore Nunavut travel planner, our membership listing, a detailed Nunavut map, the Nunavut fishing guide and the Nunavut hunting guide (download only).

For The Year 2016-2017

Providing these publications at no charge to potential visitors worldwide increases the likelihood that these potential visitors will choose to book a trip to Nunavut. These resources provide comprehensive information about Nunavut, including information about our members, communities, parks, airlines and much more.

Nunavut Tourism’s fulfillment company, Ottawa Logistics, prepares and ships the orders to potential visitors worldwide on a weekly basis.

The Nunavut Tourism Hunting Guide was re-printed during this time and was only available by download for most of the fiscal year. Only 50 were shipped out to potential visitors.

Membership & Visitor Services

Introduction

Nunavut Tourism's membership consists of a wide range of businesses and tourism-related organizations. Our members include outfitters, tour operators, wilderness lodges, cruise companies, hotels, airlines, retail outlets, Nunavut hamlets, non-profit societies and more. Most members are based in Nunavut, while some are based in other parts of Canada, the U.S.A. and overseas.

For a full list of members, please refer to Appendix G

Community Visits

Naujaat

Met with new member Solomon Malliki, owner of Arctic Wilderness Guiding & Outfitting to discuss his products and the status of tourism in Naujaat.

Rankin Inlet

Nunavut Tourism staff attended Kivalliq Trade Show in September. Aaron Watson visited Rankin Inlet in August to train new visitor centre staff.

Coral Harbour

Had meetings with Siku Tours and also with five other outfitters in the community to encourage membership and find out more information about their businesses.

Cambridge Bay

Nunavut Tourism staff attended to observe the Crystal Serenity arrival in August 2016 and also attended the Kitkimeot Trade show.

Clyde River

Aaron Watson, Unnikarvik Visitor Centre Manager, visited Clyde River as an opportunity to meet with members and other tourism stakeholders in the community. He met with Billy Padluq (EDO), The HTO Board, Levi Padluq (Outfitter & Hotel) and Shari from Piqqusilirivik.

Arviat

Aaron Watson visited Arviat in August 2016 to provide training for local visitor centre staff and meet with tourism stakeholders in the community.

Members & Industry Facebook Page

In December 2016 Nunavut Tourism launched a new Facebook page specifically for our members, industry, partners and any other tourism stakeholders.

The page posts and shares information about:

- Nunavut Tourism’s benefits, services, events and activities
 - Industry news, research and best practices
 - Training, marketing and funding opportunities
 - Licensing, permitting and insurance information
- As of March 31st, 2017 the page received: - 208 “Likes” - 211 followers

Membership and Recruitment

Membership recruitment is an ongoing process throughout the year. We continuously identify and approach tourism-related organizations across Canada with a focus on Nunavut based operators.

Infographics Project

Nunavut Tourism worked with Outcrop Nunavut to identify the most useful and relevant research from the 2015 Nunavut Visitor Exit Survey and the 2016 Branding Nunavut research report, and created a series of 12 infographics that illustrate this information in an easy-to-understand, at-a-glance format to be shared with our members. A series of 12 infographics that illustrate and summarize the following tourism research:

- Nunavut’s four key target markets
- Visitor expenditure information
- Top activities participated in by tourists
- Regional visitation information
- Demographic profiles
- SWOT analysis for tourism in Nunavut

Training Resources

The Business, Market and Trade-Ready workbook was a joint venture with CanNor, The Yukon and Northwest Territories. It was previously available in English. Inuktitut Translation of the guide has finally been completed and is available for use. This program is intended to help tourism suppliers to administer their sales, and to develop their policies to meet these service standards when selling tourism experiences.

The following resources are also available:

- Tourism as a Career Handbook
- Customer Service Handbook
- Business Aftercare Guide
- Product Development Workbook
- Fish Guide Training Video
- Business Aftercare Video Series

Each of these are designed to support members in different aspects of bringing their business to market and enjoying a long and prosperous tenure as a tourism operator.

All of these can be obtained through the Member Section of our website or a physical copy by sending an e-mail to members@nunavuttourism.com or call 1-866-687-8233.

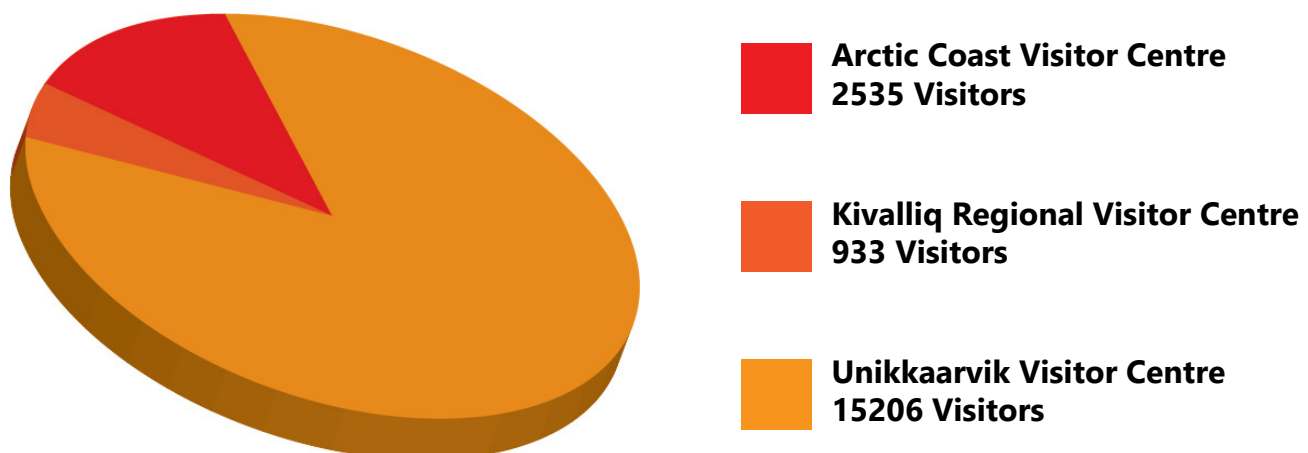

Visitor Centres

Nunavut Tourism was managing the three regional visitor centres (Iqaluit, Rankin Inlet, and Cambridge Bay) on behalf of the Government of Nunavut until March 31st, 2017. As tourism grows in the territory, the number of tourists visiting has also increased. Staff at the visitor centres are also active in community initiatives and participate in community events. Visitor centre staff is responsible for answering public inquiries either in person, by e-mail, or 1-866-NUNAVUT.

The Unikkaarvik Visitor Centre and The Arctic Coast Visitor Centre offer cultural programming with the support of the Government of Nunavut's Department of Culture and Heritage. Each program is offered to the public and advertised via community radio and community bulletin boards. This programming is run to make the visitor centres living spaces for the community and visitors.

The Unikkaarvik Visitor Centre has become more popular due the coverage from Nunatsiaq News, Iqaluit Now, and CBC provide to promote events on the web, radio, and in print. Also, UVC has become the most popular place to visit in Iqaluit according to reviews on the Trip Advisor website.

Number of Visitors - 2016-2017

After School Program

Two students from the Nunavut Teacher Education Program are hired to teach the students. The program runs weekly from September through to March for the ages of 7- 10 years old. It is important to introduce tourism-related activities to children at a young age to help build the industry in the future.

Cultural activities include:

- Seal skin sewing
- Inuit storytelling
- Crafts

Guest Speakers

We try to have a guest speaker at the visitor centre on a monthly basis. Speakers include elders, artists, and other respected members of the public. Past guests include Solomon Awa, Miali Buscemi, and Alethea Arnaquq-Baril.

Artist Marketplace

Artists are invited to sell the work they produce. These events are hosted throughout the year and at key times when big groups are in town such as cruise ship visits and conferences. We normally host approximately five to ten artists. It is a great opportunity to help artists meet the public and show off their talents.

Nunavut Day

Nunavut Tourism employees volunteer their time for the Nunavut Day festivities in all three gateway communities.

Community Clean-up day

All three visitor centres assisted in coordinating clean-up activities for their respective communities. Environmental initiatives are an important aspect of the tourism industry. Keeping the land clean for residents and visitors alike.

Unikkaarvik Visitors Centre

There are additional activities at UVC in Iqaluit including:

Inuit Art Experience:

Unikkaarvik Visitor Centre invites artists from the community and also artists that are traveling to Iqaluit. Artists are encouraged to bring some of his or her work to the visitor centre and explain Inuit stories through art. The work is for sale to the public. These artists include Gyta Eeseemailie, Geela Jaw, and more.

Movie Nights:

Thursdays at UVC is movie night. Each week a different film is shown. Everything from documentaries to Nunavut made films is shown. Selections include Kiviaq, Nanook Taxi, and Christmas movies during the holidays. The visitor centre offers complimentary snacks and refreshments as well.

Canada Day

Nunavut Tourism employees host a BBQ at the visitor centre for Iqaluit residents to celebrate this special day.

Training and Meetings and Conferences

Nunavut Tourism employed both a Training Coordinator as well as a Meeting and Conferences Coordinator. As part of Nunavut Tourism’s transition from DMO to member-based association, these two positions have been transferred to EDT. Some of objective that were completed before the transition are:

Training

Multiple Career in Tourism presentations were provided to encourage students to seek training to join the burgeoning tourism industry in Nunavut. These happened in Iqaluit, Cambridge Bay , and Rankin Inlet.

Delivery of four training programs was scheduled but due to the position being transitioned and funding they were not delivered.

Meetings and Conferences

Information was collected for a database of facilities able to host meetings and conferences. It outlines the need for more high-volume conference spaces in Nunavut.

Number of Meeting Locations by Region

Guest Capacity of Conference Facilities in Nunavut

Nunavut Tourism created new Tri-fold brochure for use at tradeshows to engage prospective clients to book in Nunavut, re-designed 2 advertisements in CSAE magazine to broaden exposure of target audience and re-designed “pop-up” for conferences and tradeshows to engage and showcase the ability and facilities of Nunavut.

Operations & Management

Member Advocacy

It is important for members to remember that Nunavut Tourism is here to assist them with various issues. If you are having an issue and not sure who to turn to be sure to contact our Director of Membership Services and we will try to help.

Nunavut Territorial Tourism Task Force

This committee is lead by Economic Development & Transportation. During the year the committee met only once and the key theme of the discussions were outlining which organizations should be included on the task force and what the new mandate of the task force ought to be.

Provincial / Territorial Meetings

This is a group of provincial and territorial industry associations committed to advocating on behalf of the tourism industry nationwide. Discussing and creating action plans on industry-led shows such as Rendez-vous Canada happen most frequently during these meetings.

Other topics of discussion include:

- **Canadian Transportation Act Review:** The Minister of Transport, the Honourable Marc Garneau spent the summer of 2017 consulting with stakeholders all over the country while his department reviewed the Canadian Transportation Act. Privatization of airports was a main theme that reoccured during these consultations.
- **Destination Canada funding:** There have been proposed funding formulas, similar to Manitoba's, whereby a portion of the GST goes towards international visitation. Destination Canada is spearheading these meetings.
- **China:** A memorandum of understanding was signed with China which will create reciprocal tourism opportunities with Canada for 2018.
- **eTA:** The leniency period has been extended as the background system for communicating with the air carriers is not ready. The plan is not broadcast this widely so that consumers still ramp up their use of the system.

Participation On Committees Under Parks Canada

Donna Parry was selected to be a member of the park planning team for Ukkusiksalik National Park. Other team members included Parks Canada staff and elders from surrounding communities. This committee was instrumental in developing park management plans and enhancing tourism and visitor experience in the park and the surrounding communities.

Nunavut Tourism Board Members also sit on the Franklin site development committee. There has been lots of progress made in the last year. As an advisory group we have been working with Parks Canada to define the new borders of the Park around the HMS Terror, ensuring the sites are safe and monitored. The first tourist visit to the site will be in summer 2017 and a festival will be held in the fall of 2017 to celebrate the discover of the ship. The purchase of a new barge to continue underwater archeology is also planned.

Airline Discounts

With the support of our member airlines, Nunavut Tourism has secured airline discounts for Nunavut Tourism members. With the support of our member airlines Nunavut Tourism can help ensure the sustainability of our members' products and services and the tourism industry in general. Without this discount in place Nunavut operators would not see the tourist numbers that we currently see.

For more information on how to use the discount or to get the discount code please send an e-mail to members@nunavuttourism.com or ceo@nunavuttourism.com.

Meetings With The Minister Of Small Business And Tourism

Nunavut Tourism met with The Honourable Bardish Chaggar, Minister of Small Business and Tourism, to discuss various issues affecting tourism in the north.

The topics included:

- Infrastructure issues
- Great news that a port is coming to Iqaluit but massive infrastructure is needed for other communities as well
- Post-secondary education is wonderful to see new Arctic College building
- High costs of air travel
- Long-term funding; more than 2 years is needed
- No Transport Canada office in the territory this causes issues with regards Small Vessel Operator Proficiency (SVOP) and also vessel registration and inspection.
- Secure funding source for marine training

Discounted Liability Insurance Program

Nunavut Tourism has been working with insurance agencies in effort to create a discounted liability insurance program and are excited to offer an update in the near future.

Cruise Ship Guidelines

Beginning in August 2016 Nunavut Tourism and EDT have been working with Transport Canada and other industry partners to develop some cruise ship guidelines. Organizations included are from all levels of government, land claims organizations, and academics who are assisting with the development of the Draft Guidelines for Passenger Vessels Operating in the Canadian Arctic.

Transport Canada

Nunavut Tourism has had several meetings with Transport Canada officials.

Some of the items include:

- Having Transport Canada office based in Nunavut
- Vessel Registration
- Understanding of current certification requirements
- Requirements
- The SVOP Course consists of four components:
 - o Small Vessel Operator Proficiency: required for all crew of vessels less than 12 meters in length and operating less than 25 miles from shore. Topics include introductions to navigation, vessel stability, vessel construction and hull types, the Canadian buoyage system, maneuvering and others.
 - o Restricted Operators Certificate – Marine (ROC-M): Introduces basic radio procedures, including VHF procedures, digital selective calling, and emergency procedures.
 - o Marine Basic First Aid
 - o Marine Emergency Duties A3: Covers vessel evacuation, basic survival techniques and emergency signals. The courses have levels organized around vessel size and operating area. A3 is the complimentary course for SVOP.

Staff Training

Aaron Watson - Indigenous Best Practices in Economic Development and Business

This course is the second of six modules in the Indigenous Leadership and Management Program, which covers fundamental issues of governance, strategic planning, the role of Indigenous leaders in effectively planning, creating, and promoting policy for Indigenous development and much more.

Kevin Kelly - Tourism Industry Association of Canada (TIAC) Tourism Congress Sessions

During the conference Kevin attended sessions on Taste of Place in Destination Marketing. Tourism in Canada - Are we in the zone?, Investing in Tourism, Generation Change: The Millennial Effect, Canada's Immigration System: Tapping into a Permanent Skilled Workforce, After the Election: Connecting America, and Myths of Sustainable Tourism - Is Green the New Black?.

Theresa Rodrigue - Human Resources Course and Inuktitut Training Level 3

The Human Resources course was three days and covered a wide range of topics relating to Human Resource Management. Topics that were covered included: strategic planning; recruitment; compensation design; performance management; employee retention; employee training and development; and organizational development.

Pirurvik's Inuktitut as a Second Language programs offer an innovative approach to mastering the Inuit language, focusing on teaching Inuktitut as it is spoken in everyday situations. This is a progressive course available to non-GN employees when space is available. This level was very challenging as it introduced students to more complex sentence structure and while continuing to build upon the basics learned in the previous two levels.

NUNAVUT TOURISM
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED MARCH 31, 2017

1. NATURE OF THE ORGANIZATION

Nunavut Tourism is a not-for-profit organization whose mission is to facilitate tourism marketing for Nunavut and to provide support and services to the membership resulting in an increase in tourism visitation to Nunavut. The organization commenced operations on September 15, 1995 and is incorporated under the *Societies Act* of Nunavut.

The organization is a not-for-profit association and is exempt from income tax under Sec. 149(1)(l) of the *Income Tax Act (Canada)*.

2. SIGNIFICANT ACCOUNTING POLICIES

The financial statements were prepared in accordance with Canadian accounting standards for not-for-profit organizations and include the following significant accounting policies.

(a) Use of Estimates

The preparation of financial statements in conformity with Canadian accounting standards for not-for-profit organizations requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the year. Significant items subject to such estimates and assumptions include the valuation of accounts receivable and the estimated useful life of property and equipment. Actual results could differ from those estimates.

(b) Cash and cash equivalents

Cash and cash equivalents are comprised of bank account balances net of outstanding cheques and short term highly liquid investments that are readily convertible to cash.

(c) Financial Instruments

The organization initially measures its financial assets and financial liabilities at fair value. The organization subsequently measures all its financial assets and financial liabilities at amortized cost, except for derivatives and equity securities quoted in an active market, which are measured at fair value.

Financial assets measured at amortized cost include cash and accounts receivable. Financial liabilities measured at amortized cost include accounts payable and accrued liabilities.

It is management's opinion that the organization is not exposed to significant interest, currency or credit risks arising from these financial instruments unless otherwise noted.

(d) Fund Accounting

The General Fund accounts for the organization's general operating and administrative activities. Invested in Capital Assets contains all the organization's capital asset transactions. The Asset Replacement Fund represents the net appropriation of surplus amounts set aside by the Board of Directors for specific purposes.

NUNAVUT TOURISM
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED MARCH 31, 2017

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

(e) Capital Assets

Capital assets are recorded at cost. Amortization is provided annually at rates calculated to write-off the assets over their estimated useful lives as follows:

Furniture and equipment	20% declining balance
Computers and audio-visual equipment	30% declining balance
Media displays	30% declining balance
Leasehold improvements	straight-line over the lease term

(f) Deferred Government Assistance

Deferred government contributions represent restricted contributions for the purchase of capital assets and are amortized at the same rates as the assets to which they relate.

(g) Revenue Recognition

The organization follows the deferral method of revenue recognition for contributions. Restricted contributions are recognized as revenue in the year in which the related expenses are incurred. Unrestricted contributions are recognized in the year received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured. Contributions in kind are recorded at their estimated fair value at the date of contribution, where the value can be reasonably estimated. Revenue from merchandise sales is recognized at the point of sale.

(h) Expense Allocations

The organization allocates expenses using the following method. Expenses which are wholly attributable to a particular program are charged directly to the appropriate program. Expenses that are attributable to more than one particular program are allocated based on a percentage method at a rate deemed appropriate by management.

3. ACCOUNTS RECEIVABLE

	<u>2017</u>	<u>2016</u>

Deferred government assistance - end of year	<u>\$ 8,357</u>	<u>\$ 10,709</u>

Government contributions for capital assets are recognized into income at the same rate as the assets to which they relate are amortized.

7. OPERATING LINE OF CREDIT

The organization has signed a general loan agreement with Baffin Business Development Corporation for a line of credit in the amount of \$150,000 at an interest rate of 10% . The purpose is for interim financing when required. The agreement is in place until March 31, 2018. At year-end no funds were used (2016- nil).

8. ECONOMIC DEPENDENCE

The organization receives the majority of its funding from the Government of Nunavut. Without the continuing support of the government, it is unlikely that the organization's operations would be able to continue.

INUIT LANGUAGE PLAN

The language plan is currently being re-drafted with the new Language Commissioner of Nunavut.

In the spring of 2011, Nunavut Tourism filed its language implementation plan with the Office of the Language Commissioner. The following were the actions set out in that plan and accepted by the Language Commissioner. Status of each is noted in italics.

Measures/Actions

Ensure that Vision and Mission statement is available in all official languages - *Done*

Multilingual sign in front of building erected - *Done*

Letterhead: Redesign and print - *Done*

Create e-mail blocks based on business cards - *Done*

Website: Members section, "contact us" available in official languages – all basic membership documents are in The "members" section of the website in English and Inuktitut

Make an active offer of service. Change phone messages, create signs for visitor centres - *Done*

Have text on English invoices offering to create in official language upon request

-*In progress*

Designate Inuit language staff to respond to public enquires and provide training. -*Done*

Training for non-Inuit language users to be able to say "I will transfer you to xx who speaks Inuktitut." or "xxx who speaks Inuktitut will can you back what is your phone number" - *In progress*

Change Exit signs at visitor centres - *Done*

Create new hours of operation signs for visitor centres - *Done*

We have staff at all NT locations (HQ, and all three visitor centres) that can offer basic service in Inuktitut.

All correspondence with members is translated, and we provide interpretation services, if requested, at all training and meetings. When visiting a community we always ensure we have a local interpreter with us to ensure full communication.

Our plan was published in our Annual Report each year with updates included each year on where we are on the plan.

Changing invoices using our accounting software has been a challenge and continues to be worked on.

Appendix D

The Inuit Employment Plan is currently under review and re-development.

PRIORITY HIRING POLICY

Nunavut Tourism has in place a Priority Hiring Policy. This policy gives priority consideration in the recruitment and selection of Nunavut Tourism employees to Nunavut Land Claims (NLCA) Beneficiaries. Those beneficiaries who meet the qualification of a position are given priority over other applicants through the competition process once they have passed the interview stage. This policy applies to all job competitions in the organization.

Nunavut Tourism has a commitment to work toward a workforce more reflective of Nunavut's population. To that end, Nunavut Tourism will, when two candidates are equal in experience and knowledge, give preference to those who are beneficiaries of the NLCA. To accomplish this certain actions are taken:

- All jobs are publicly advertised in English and Inuktitut in all three (3) regions of Nunavut
- Screening of candidates is done on the priority system:
 - o Round One Candidates – Beneficiaries
 - o Round Two Candidates – Long-term residents of Nunavut (those who have been a resident one or more years)
 - o Round Three Candidates – All other candidates

When a job is advertised, resumes are separated into three piles. The selection committee only receives round one candidate resumes to review. If a successful candidate is found no further screenings take place. If there is no successful candidate, the selection committee continues on to round two; and, if no successful candidate is found then the committee will move on to round three.

The selection committee may decide, at their discretion, to re-advertise the vacancy if no suitable round one candidate is found, and it is believed that the position is best suited to a beneficiary.

Final hiring decisions are the responsibility of the Chief Executive Officer in all cases.

EMPLOYEE SUPPORT

Nunavut Tourism encourages and supports employee training. A learning plan is developed with the CEO, Director/ Supervisor and the employee to identify areas for training and development and to ultimately help the employee gain the knowledge and skill level required to advance in the organization.

From time to time, Nunavut Tourism may request that an employee undertake special training necessary to complete a job function. Employees may also request special training for themselves. Financial assistance for approved seminars, conferences, workshops, etc. will be granted on a one hundred (100) percent reimbursement payment basis at time of registration.

MENTORSHIP

Employees are encouraged to use mentors. Mentorship is a big part of Nunavut Tourism's vision to help create a workforce where each employee can excel in their position and create strong working relationships with other team members. This strengthens the work team and helps create a culture of inclusion and communication.

ORIENTATION

Orientations are available for all employees and are designed to provide a general orientation to Nunavut Tourism. Orientations that are more specific are provided in the individual workplaces. In addition, cultural orientations are offered from time to time across the organization. Topics include; the history of Nunavut, Inuit Qaujimajatuqangit principles, traditional Inuit activities, etc.

FOSTER AND SUSTAIN AN ENVIRONMENT ATTRACTIVE TO INUIT

Nunavut Tourism realizes how important it is to foster and promote an environment that is attractive to Inuit individuals. Guided by Inuit Qaujimajatuqangit, Nunavut Tourism will work toward providing employees with the direction and tools they need to perform the work of the organization to the very best of their ability.

Actions include:

- Fostering a community spirit and a sense of belonging by offering employees the opportunity to become involved outside the formal workplace in a variety of recreational and volunteer activities such as IQ days, the Canada Day BBQ, Nunavut Day BBQ, Holiday Party and informal all-staff lunches
- Creating an organizational Inuit Qaujimajatuqangit committee to provide advice, direction and assistance to the organization on all matters involving the use of Inuktitut in the workplace, including providing training opportunities to those who wish to take Inuktitut classes
- Encourage all staff, both current and new, to take Cultural Orientation training as described above when it is offered through the organization
- Offer and encourage all supervisors and managers to take training that addresses such topics as cultural diversity, good management practices and coaching skills; their understanding of the benefits and rewards of a representative workforce helps create a supportive work environment that enhances the potential of all employees
- Emphasize the existing quality of work-life initiatives as effective practices that advance the interests of our workforce. These initiatives include programs such as adjustment of shift schedules to reflect the lifestyle of employees (flex time, compressed workweeks, and so on, as laid out in the Nunavut Tourism Employee Handbook)
- Ensure a safe working environment free from discrimination, harassment, bullying or inertia

JOB REQUIREMENTS

In June 2016, Nunavut Tourism reviewed the requirements in terms of knowledge, skills, abilities and education level to determine which requirements may use equivalencies in place of formal education and to help eliminate systemic barriers. It was determined that six positions could be too rigid in their requirements and a combination of equivalencies as well as traditional learned knowledge could be used to classify the eligibility of candidates for open positions.

ARTICLE 23

Nunavut Tourism recognizes that the achievement of Article 23 of the Nunavut Land Claims Agreement. Achievement of targets will take time and deliberate action must be continued to ensure that successful, long-term employees represent the demographics of Nunavut.

SikSik is the best way to navigate Iqaluit, featuring the city's first-ever detailed and interactive mobile street map, complete with business listings and local news. Iqaluit is a place where the streets have no names (or, at least, no one uses them). Until now, residents and visitors have had no way to easily find their way from House 1625 to House 3102. Save time and hassle by searching for the house or business you want, and clicking the navigate button to the corresponding page. SikSik saves you times and money, getting you to your destination quicker, and giving you the confidence to wander the city on your own without having to call a cab to take you two blocks away (of course, if you need a cab, our search function can help you with that too).
